

# Town of Chesapeake Beach - Barn Quilt Square Designs Wanted

May 22, 2017

Hello local artists,

The Town of Chesapeake Beach has planned to participate in the Calvert County Barn Quilt Square program. This unique effort, a collaboration with the Arts Council of Calvert County (ACCC), installs an 8'x8' plywood "quilt square", fabricated and placed on certain structures throughout the county. The art, aimed at economic development also becomes another source of community pride. As such, We are in search of designs for consideration as our *official* TOCB Barn Quilt Square. The actual 8'x8' plywood square will be built by the ACCC and anyone can submit a design. We are looking for designs that express our Town bayside style and atmosphere.

I'm hoping judging will commence towards the end of July. All submissions should be on 8.5"x11" paper and include artist name and contact information. We hope to unveil the official TOCB quilt square at an upcoming September 2017 Town event. Please contact Me with any questions about this and thank you for listening.

Greg Morris, Councilman
