Join Bayside Baptist as we recognize *Racial Reconciliation Sunday* with reflections by Deacon Malcolm Funn as he introduces a special movie showing of "HIDDEN FIGURES".

We must remember how far we have to go as Americans to see the promise of racial justice realized. We must prayerfully seek gospel unity in our own congregations. And as we pause to consider racial unity, let us continue to ask the Father to make us one in Christ.

The movie, **HIDDEN FIGURES** is the incredible untold story of Katherine G. Johnson (Taraji P. Henson), Dorothy Vaughan (Octavia Spencer) and Mary Jackson (Janelle Monáe)-brilliant African-American women working at NASA, who served as the brains behind one of the greatest operations in history: the launch of astronaut John Glenn into orbit, a stunning achievement that restored the nation's confidence, turned around the Space Race, and galvanized the world. The visionary trio crossed all gender and race lines to inspire generations to dream big.
